

Shalford Infant & Nursery School

Value of the Month

May: Courage

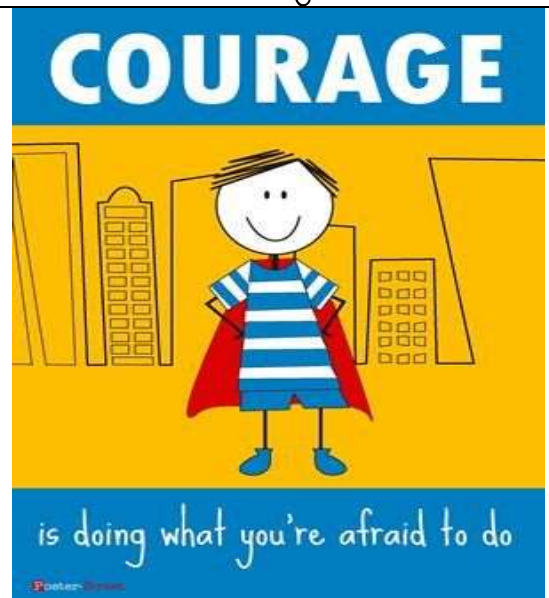

Definition of courage: Deciding to do something difficult even when you feel afraid

Courage is being brave enough to do what you should do, even when you're afraid

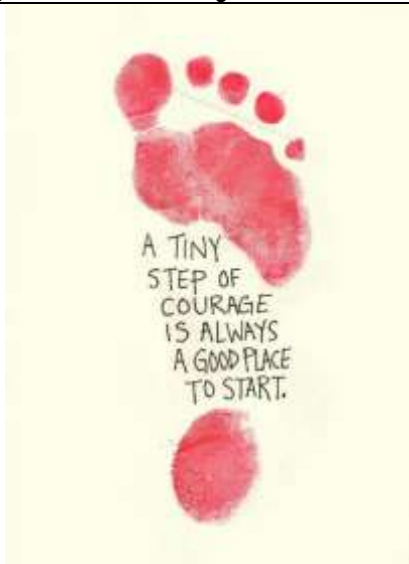

Your dreams can come true if you have the courage to follow them

Courage is doing right when everyone around you is doing wrong

There are times you need the courage to take a giant leap!

During our learning about courage we will help the children to understand that courage is being brave when you are afraid, and doing what you know is right.

Courage means:

- Bravely dealing with scary challenges
- Being willing to try new things, even if you might fail
- Telling the truth no matter what might happen
- Talking about your mistakes and learning from them
- Doing the right thing, even if others are not

At home please take time to talk to your child about what courage means and how to be courageous.
